	High Readiness	Moderate Readiness	Variable Readiness	Limited Readiness
Therapeutic readiness	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

### Scoring the matrix

1. Assess each factor/criterion based on the family's circumstances and needs, using clinical judgment and gathering relevant information.
2. Determine the level of need for each domain based on the impact and severity of factors.
3. Mark the corresponding square in the matrix with a checkmark to indicate the assessed level of need.
